**M**ark your calendar now for the celebration of the century! The 100th anniversary of the Lincoln Motor Company, one of the world's great luxury marques, will be celebrated in 2022, commemorating the centennial of Lincoln's acquisition by the Ford Motor Company in February 1922. Originally founded by Henry Leland, Lincoln had begun building luxury passenger cars in 1920.

The Lincoln Motor Car Foundation, which oversaw creation of the Lincoln Motor Car Heritage Museum & Research Foundation, Inc., will hold this year's Centennial Homecoming on **August 10-14, 2022**, on the museum grounds in Hickory Corners, Michigan. Optional pre-Homecoming events will take place in Dearborn, Michigan, on **August 7-10**.

Serving as host for the 2022 Homecoming will be the **Lincoln and Continental Owners Club (LCOC)**. The Lincoln Motor Car Foundation (LMCF) board is comprised of individuals from the four major Lincoln clubs—the Lincoln Owners Club, the Lincoln-Zephyr Owners Club, the Road Race Lincoln Register and the LCOC.

"Because attendance is limited on several of our tours, the 2022 Homecoming Committee highly recommends early sign-up for the 2022 Lincoln Homecoming," said David Schultz, LMCF chairman.

The Lincoln Motor Company had its roots in a company bearing the same name—Lincoln Motor Company. That company had been created in 1917 by Henry Leland and his son, Wilfred, to build Liberty aircraft motors for World War I. At the end of the war, the Lelands were left with a well-equipped new plant and several thousand employees. Leland's reputation as "Master of Precision," earned during his years as head of General Motors' Cadillac division, was enough to attract investors for a new automobile company.

The former Lincoln Motor Company of Michigan was absorbed into a new Lincoln Motor Company of Delaware in 1920. On the first day, \$6.5 million in stock was sold, and car orders were received well before production began. The first Lincoln was produced in September 1920.

In February 1922, the Ford Motor Company acquired the Lincoln Motor Company after the latter was forced into voluntary bankruptcy in November 1921.

Registration forms and updated information on the 2022 Lincoln Centennial Homecoming will be posted on the Lincoln Motor Car Foundation website, [www.LincolnCarMuseum.org](http://www.LincolnCarMuseum.org). Details will also appear in the four Lincoln clubs' publications.
